IDENTIFICATION SHEET
MODULAR CIRCUIT BREAKER

BECOF Engineering

Equipment Identification (according to your diagram) ***** :

If the material is known

Manufacturer* :

Model* :

Number of phases (single-phase, four-phase, etc.)* :

Breaking capacity* :

Current rating* :

Tripping curve* :

Differential type and threshold (if applicable):

Ambient temperature (30 ° if normal conditions)* :

If the material is not known

Manufacturer (preferably or idem upstream circuit breakers):

Number of phases (single-phase, four-phase, etc.)* :

Current of use* :

Tripping curve* :

Differential type and threshold (if applicable):

Ambient temperature (30 ° if normal conditions)* :

---

* Mandatory information
